- 3/26 Family Fun Night

Fun Fact!

$\pi = 3.14$

Did you know that March 14th is known as Pi Day?

Pi is a mathematical constant. It is the ratio of the distance around a circle to the circle's diameter. This produces a number, and that number is always the same. However, the number is rather strange. The number starts 3.14 and continues without end.

That is why March 4th or 3/14 is known as Pi Day!

Will you be my Galentine?

The Phoenix #1 Family Center hosted a Galentine's Day for 7th and 8th grade girls. The event centered on the importance of self love and friendship! The young ladies engaged in important and meaningful conversations on the meaning of self love and interpreted their thoughts in a painting.

The girls truly enjoyed themselves!

Lowell's Centennial Celebration

This year marks the 100th Birthday of Lowell School. A multi-day celebration was held beginning with an alumni dance held at The American Legion Hall on February 28th.

The dance was attended by many past and present Lowell students and staff.

The following day, many beautification projects were held on the 100 year old campus. These projects included the planting of new gardens and a new mural for the school!

Happy 100th Birthday, Lowell!

Get to know your Family And Community Engagement Team!

Meet Mrs. Martha Lupercio! Mrs. Lupercio is a retired teacher and Arizona native. Her entire teaching career was spent teaching kindergartners and first graders at Lowell Elementary. She is now the F.A.C.E. on the Tiger Campus!

This year, she looks forward to working with Lowell families, students, and staff. Lowell School will be celebrating their 100th anniversary and she is excited to help plan and have the families and community celebrate this wonderful milestone!

Some of Mrs. Lupercio's favorite things to do are crafting with her daughters and spending time with her husband and big extended family!
